

Speech-Recognition

Exercise - Phonetics

Prof. Dr.-Ing. Udo Garmann

Abstract

Analyze the anatomy of Speech

Practical Part

see midterm1

Theory

Part 01: Analyze the production of sounds

Visit the website

https://en.wikipedia.org/wiki/International_Phonetic_Alphabet ↗

Go to the section about consonants. Analyze the meaning of (at least) the following descriptions by comparing it with how you would produce the sound:

- for place like
 - Labial, Bilabial, Labiodental, Linguolabial
 - Dental
 - Palatal
- for the manner
 - Nasal
 - Plosive
 - Trill

You may also learn about more terms about human sound production.

Part 02 Production of Vowel /o/

Hint: Respect the other students and do this exercise quite or with a headphone, please.

The Baruch College in New York offers the website “Tools for Clear Speech” at <https://tfcs.baruch.cuny.edu> ↗ (visited 24-04-10).

Visit the path <https://tfcs.baruch.cuny.edu/o/> and learn, how the vocal /o/ is produced.

Part 03: Other Vowels

At the bottom of the page there are links to other phones.

Learn (at least) the production of the following vocals:

/i/

/e/

/u/

/æ/

Part 04: Consonants

Learn the production of the consonants:

/b/

/p/

/n/

/f/

/k/

Part 05

Find phones where the nasal part is used!
